

THE BEST STUDENT DEBT SOLUTION AVAILABLE

 **gotzoom**
Your Path to
Student Loan Relief

For
Employees & Families
of

Student Loan Reduction Program for Employees & Families of Mueller Prost

GotZoom can help you reduce your student loan debt by up to 80% without refinancing.

With one simple registration, GotZoom identifies and applies on your behalf for over 70 Federal Student Loan Repayment and Loan Forgiveness programs offered through the US Department of Education.

With the help of our Federal Student Loan Subsidy Specialists, you will be able to take advantage of every eligible debt reduction program you qualify for.

We have helped participants save an average of ***\$468*** in monthly payments or ***\$5,616*** per year for up to ten years. A total savings of ***\$56,160***.

Participants can realize savings with both reduced monthly payments and shorter loan terms.

GotZoom Simplifies the Process for Reducing Student Loan Debt

GotZoom does not refinance student loans. If you have refinanced a federal student loan with a private lender you are no longer eligible for federal loan forgiveness programs.

[Reduce Your Student Loan Debt](#)

Let help you with a *NO COST NO OBLIGATION ANALYSIS* and see if you qualify for one of the Federal Student Loan Repayment and Loan Forgiveness programs.

1.

Get started by accessing GotZoom through your “Employer” enrollment portal.

<https://sample>

2.

Complete your user registration and schedule an appointment at your convenience with your Specialist.

3.

A secure portal is provided for you to upload any required documents. You will need to electronically provide your most recent tax return and two most recent pay stubs.

4.

Your loan specialist reviews the documents and prepares an analysis prior to your scheduled appointment.

5.

You receive the analysis inclusive of all identified programs for which you are eligible at *no cost to you.*

6.

Compare your total overall savings with the cost to use the GotZoom service. *If it makes sense, take the next step.*

7.

If you wish to move forward with the GotZoom services, you submit a one-time discounted fee of *\$407* to GotZoom via ACH, credit or debit card.

8.

GotZoom then creates a case file for you and submits your information to the US Department of Education (DOE). At that time, you will have access to a 60 to 90 day loan payment abatement program. This will allow you to stop making your monthly student loan payment for that period without fees or penalties. Once your new payment schedule is approved by the DOE you will start making your new lower payment. Gotzoom will then continue to monitor your plan, complete all required annual recertifications and make adjustments throughout the year should your personal circumstances change. You pay a discounted monthly processing fee of *\$32.95* for the term of your payment plan.

“I am very happy with the service level and results you have provided.”

GotZoom has been able to save me 50% on my monthly student loan repayment. I am excited about the savings and the shortened repayment period.”

Narobi Melendez
